PSALM 32:8

## What Makes Redemption Different?

- ▶ We offer a traditional education approach covering the core subjects of reading/phonics, math, language arts, social studies, science, music, history, and art.
- ▶ One of our goals is academic achievement for each student. Small class sizes translate to quality time with each student.
- ▶ We approach every topic from a Biblical perspective, and we emphasize personal values in addition to academic instruction. We do not change our subject matter to fit political movements or agendas.
